

DD/R-534-63

29 March 1963

MEMORANDUM FOR: Chief, Personnel Procurement Division  
SUBJECT: Request for Placement of Advertisement

1. In our effort to secure qualified electronic engineers and physicists for the Office of Research and Development and the Office of ELINT, we believe that placement of an advertisement similar to the attached may result in a number of replies from qualified personnel interested in working for the Agency.

2. We suggest that the advertisement could, in addition to other publications you believe might produce results, be placed in Scientific American, Science, Aviation Week, Missiles and Rockets, Proceedings of the IRE, Journal of the Optical Society of America, Photogrammetric Engineering, Physics Today, plus a Los Angeles, San Francisco, and Boston metropolitan newspaper.
